Today's market trend

Uptrend

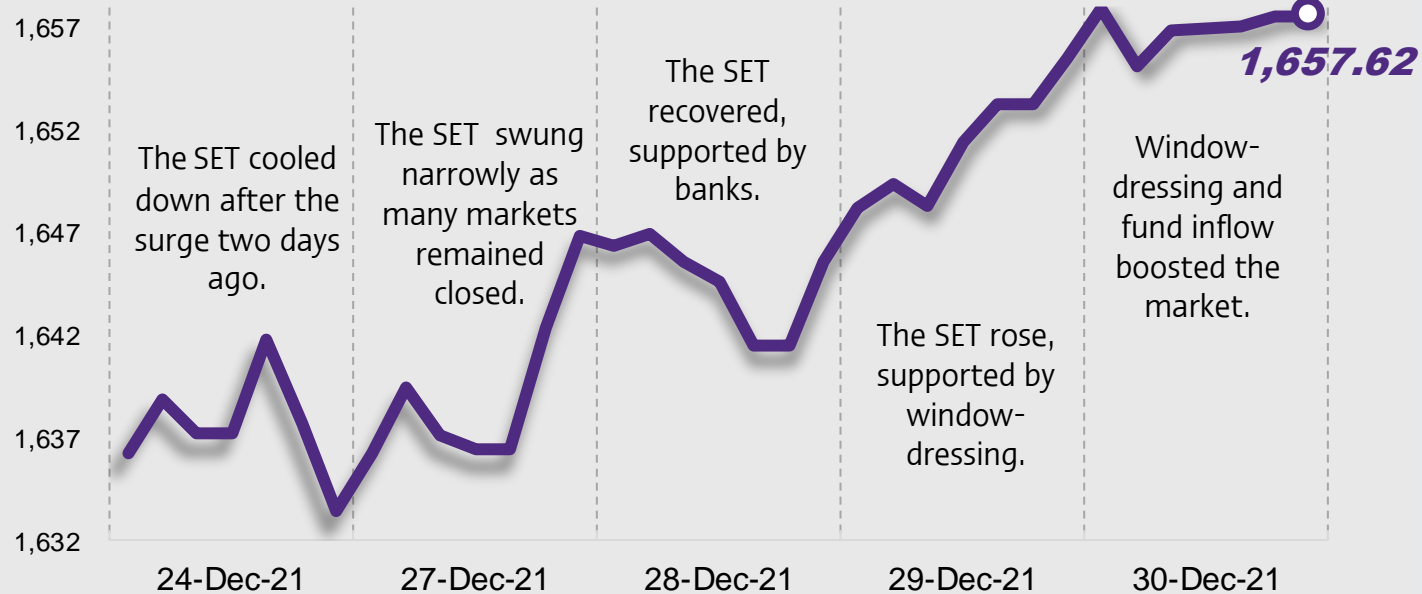

SCBS

Investment Strategy Department

Supports - Resistances

1650/1645 – 1660/1670

Today's highlights

The SET rose by 14.4% in 2021, the highest in five years. The sectors with the largest increase in market cap were ICT (+41.6%), BANK (+23%) and HEALTH (+22.5%) while the sectors with the smallest increase in market cap were ETRON (+6.5%), CONMAT (+7%) and ENERGI (+8.1%). US stock markets rose in 2021 as well: S&P500 +26.9%, DJIA +18.7% and Nasdaq +21.4%. The European stock market, STOXX, rose by 22.5%, the highest in two years. **# The SET is likely to be highly volatile in Jan** as the number of daily new cases of omicron will likely shoot up after the long New Year holiday although new studies show fewer will require hospital treatment. Government measures will boost the market and we expect it to zigzag up to test 2021's high of 1,660. We assign farther resistance at 1,670 and supports at 1,615-1,625 and 1,600. **# Keep an eye on CCSA and OPEC-JMMC meetings and the release of the Fed meeting minutes.** The government is to consider further delaying the resumption of the Test & Go scheme until the end of this month following the spike in omicron cases in the country. The OPEC-JMMC meeting may decide to adjust its production plan for Feb after seeing demand slow down. On Jan 6, the latest Fed meeting minutes will be released; we recommend paying attention to the details about doubling the pace of its QE taper and speeding up policy interest rate hike.

Market outlook & Strategy

“Rising omicron cases weigh on mood but economic recovery hopes and fund inflow support.”

The SET is expected to rise on the first trading day of the new year, although it is likely to be highly volatile because of fears of a surge in omicron cases after the long New Year holiday. However, hopes for economic recovery in 2022 will boost fund inflow and the market. We assign resistance at 1,660-1,670 and supports at 1,645-1,650. Tactically, we recommend buy selectively or speculate cautiously. After 50% of the core portfolio is placed in reopening plays, it is time to take the sidelines.

Conviction list

- > Investment strategy: We recommend to buy selectively as the market is moving with higher volatility, pushed by good news (government economic stimuli) and bad news (omicron).
- > For the core portfolio, we recommend switching from global reopening plays (MINT, CRC, AOT and TOP) to our '10 Top Picks Yearbook 2022' (**see details in Yearbook 2022: Investment Trend 20XX... Move on to “The Next Chapter”**). We still recommend keeping 25% in blue chip stocks (KBANK, GPSC, INTUCH and SPALI) and 50% cash in the portfolio.
- > Weekly portfolio: We recommend speculate on stocks benefitting from “Shop Dee Mee Khun” scheme approved by the cabinet – HMPRO and CPN or stocks benefitting for government's EV promotion and automotive demand recovery – AH, NYT, EPG, with a budget of under 25% of the portfolio. (The remaining 25% is reserved in case the market plunges again.)
- > **Daily focus: Long SECURE, which is one of our ten picks in Yearbook 2022 in the ‘New S-Curve’ theme as it benefits from the megatrend of digital transformation which raises the necessity for cybersecurity (its primary source of revenue).**

Wealth Strategy

See the end of this report for disclaimer

Recommend Unity Software Inc. (U), a video game software development company, best known for development of 2D, 3D, AR (augmented reality) and VR (virtual reality) games. It is benefitting from 'Metaverse' and 'the Third Generation of the Internet'.

Corporate Governance Report

The material contained in this publication is for general information only and is not intended as advice on any of the matters discussed herein. Readers and others should perform their own independent analysis as to the accuracy or completeness or legality of such information. The Thai Institute of Directors, its officers, the authors and editor make no representation or warranty as to the accuracy, completeness or legality of any of the information contained herein. By accepting this document, each recipient agrees that the Thai Institute of Directors Association, its officers, the authors and editor shall not have any liability for any information contained in, or for any omission from, this publication.

The survey result is as of the date appearing in the Corporate Governance Report of Thai Listed Companies. As a result, the survey result may be changed after that date. SCB Securities Company Limited does not conform nor certify the accuracy of such survey result.

To recognize well performers, the list of companies attaining "Good", "Very Good" and "Excellent" levels of recognition

(Not including listed companies qualified in the "no announcement of the results" clause from 1 January 2020 to 26 October 2021) is publicized.
