Cut TP on rising concern over asset quality

We cut SAWAD's 2024F by 7%, mainly on credit cost. We expect its earnings growth to ease from 13% in 2023F to 8% in 2024F, underpinned by slower loan growth, falling NIM and rising credit cost. Although its valuation is undemanding at 10x PE after a 35% fall in share price over the past nine months, we stay Neutral and trim TP to Bt47 from Bt50 on rising concern over asset quality.

Raised credit cost. We raise our 2024F credit cost to 2.75% from 2.5% to reflect a larger drop than anticipated in used car prices (-21% QoQ) in 4Q23, more rapid reposessions and a higher proportion of motorcycle HP. Our forecast is much more conservative than the company's guidance of a return to a normalized credit cost of 1.5-1.8% in 2024, which we see as too low in view of the higher proportion of high-risk motorcycle HP loans with rising NPLs. Our 2.75% 2024F credit cost is comprised of 4% for motorcycle HP (31% proportion), 2% for car title loans (24% proportion), 0.5% for land title loans (23% proportion), 3% for motorcycle title loans (17% proportion) and 8% for unsecured loans (5% proportion), which is in line with the industry. It expects its NPL ratio on motorcycle HP to rise from 2.6-2.7% in 3Q23 to 3% in 4Q23 and 4% in 2024. SAWAD accelerated repossession of motorcycles in 2H23 and expects this to ease back in 2024 after it cut LTV from 100% to 70-90%. For car title loans, it also cut LTV to ~40% from 50%.

Slower but still robust loan growth. We expect SAWAD to have good 2024F loan growth at 20%, slower than the 77% in 2023F (vs. 46% excluding Fast Money).

Sharp fall in NIM. We expect NIM to fall 108 bps in 2024 due to rising cost of funds, no repetition of the Bt250mn one-off interest income (from an upgrade in loans to stage 2 from stage 3) and repricing of motorcycle HP to 23% from 32% after the interest rate cap took effect in January 2023. It raised interest on motorcycle title loans to 18% from 15% in July to enhance NIM.

Cut 2024F earnings. We cut our 2024F earnings by 7% to factor in higher credit cost. We expect SAWAD to show an 8% earnings recovery in 2024, underpinned by 20% loan growth, a 75 bps rise in credit cost to 2.75% (due to higher proportion of motorcycle HP and lower used car prices) and a 108 bps fall in NIM (absence of Bt250mn extra income and lower yield on motorcycle HP after the 23% interest rate cap on motorcycle HP from January 2023).

4Q23 preview. We expect earnings to slip 3% QoQ but rise 11% YoY (from the acquisition of FM on 30/6/23) to Bt1.38bn in 4Q23, bringing 2023 earnings growth to 14%. We expect continued solid loan growth at 6% QoQ and 77% YoY, driven by new motorcycle HP and title loans. NIM is expected to fall 54 bps from rising cost of funds and falling loan yield on motorcycle HP and the absence of extra income. We expect credit cost to rise 40 bps QoQ (+65 bps YoY) to 1.8% in 4Q23, bringing full-year credit cost to 2% (+182 bps). Cost to income ratio is expected to rise QoQ from larger losses on repossessed cars.

Maintain Neutral with a trim in TP to Bt47 (based on 1.95x PBV or 12x PE for 2024), from Bt50 to reflect a downward revision of 2024F earnings with an ESG discount due to the court case regarding market conduct.

Risks. 1) Asset quality risk from an uneven economic recovery and falling used vehicle prices, 2) NIM risk from rising bond yield, 3) rising competition from banks, 4) regulatory risk and 5) ESG risk due to the court case.

Value proposition

SAWAD is Thailand's leading micro finance service company, providing vehicle title loans, land title loans and Nano Finance to low-income individuals who have no access to financial services from commercial banks but do own a vehicle and/or land that can serve as collateral. At 3Q23, its loan mix comprises 31% motorcycle HP, 24% land title loans, 23% car title loans, 17% motorcycle title loans, and 5% others (unsecured personal loans and tractor tile loans). It had 5,430 branches at 3Q23.

Business outlook

We expect SAWAD to have an 8% earnings recovery in 2024, underpinned by 20% loan growth, a 75 bps rise in credit cost to 2.75% (due to higher proportion of motorcycle HP and falling used car prices) and a 108 bps fall in NIM (absence of Bt250mn extra income and lower yield on motorcycle HP after the 23% interest rate cap on motorcycle HP from January 2023).

Bullish views	Bearish views
1. We expect good loan growth but slowed because of a tighter credit policy.	1. We expect a rise in credit cost in 4Q23 and 2024 with rising concern on asset quality after an aggressive loan expansion in 2022 and falling used vehicle prices.
2. We expect easing cost to income ratio from a cut in dealer commission to compensate for the lower interest rate on motorcycle HP after the 23% interest cap in January 2023.	2. We expect a rise in cost of funds as a result of rising bond yield.

Key catalysts

Factor	Event	Impact	Comment
Risk to NIM	Rising bond yield.	Negative	This will bring downside risk to NIM.
Regulatory risk	Household debt measures phased in over 2024-2025.	Negative	This brings downside risk to loan growth.

Sensitivity analysis

Factor	Earnings impact	TP impact
25 change in NIM	3%	Bt1/sh.
25 change in credit cost	3%	Bt1/sh.

Our view on ESG

We view that SAWAD provides a proper policy regarding environmental (but no carbon emission data) and social issues. We view its management and governance as satisfactory, reflecting a decent size and a diverse board of directors and transparency with stakeholders. One customer won the court case regarding land title loans, claiming that SAWAD was misconducted with incorrect loan contract. This raises our concern on ESG issue.

ESG Disclosure Score

Bloomberg ESG Score	40.56 (2022)
Rank in Sector	5/41

	CG Rating	DJSI	SETESG	SET ESG Ratings
SAWAD	3	No	Yes	BBB

Source: Thai Institute of Directors (IOD), SET

Environmental Issue (E)

- SAWAD has set environmental responsibility goals, i.e., reduction of energy use and greenhouse gas emissions, campaigns for use of cloth bags to replace plastic bags, waste elimination, water savings and reduction of domestic travel by 5% in 2022 and 2023.

Social Issue (S)

- With regard to arrangement of workplace sanitary facilities and safety, SAWAD targets average lost time injury rate at 0.01 in 2023 vs. 0.07 in 2021.
- SAWAD encourages all units in the organization to promote participation by all stakeholders through communication channels and various activities, emphasizing the importance of the rights of all six groups of stakeholders, namely shareholders, customers, employees, business partners and creditors, competitors, communities, society and environment, in order to learn about their comments, expectations and suggestions relating to the company's operations.

Governance Issue (G)

- As of December 31, 2022, the Company's Board of Directors consist of 13 directors; four directors are management members and nine are directors who are not management. The management director account for 30.77 % of the total directors and the non-management directors account for 69.13 %.
- There are five independent directors, based on the requirement of the Office of the Stock Exchange Commission. The independent directors account for 38.46 % of the total directors. One director is female, making up 7.69 % of the total.

Corporate Governance Report

The material contained in this publication is for general information only and is not intended as advice on any of the matters discussed herein. Readers and others should perform their own independent analysis as to the accuracy or completeness or legality of such information. The Thai Institute of Directors, its officers, the authors and editor make no representation or warranty as to the accuracy, completeness or legality of any of the information contained herein. By accepting this document, each recipient agrees that the Thai Institute of Directors Association, its officers, the authors and editor shall not have any liability for any information contained in, or for any omission from, this publication.

The survey result is as of the date appearing in the Corporate Governance Report of Thai Listed Companies. As a result, the survey result may be changed after that date. InnovestX Securities Company Limited does not conform nor certify the accuracy of such survey result.

To recognize well performers, the list of companies attaining "Good", "Very Good" and "Excellent" levels of recognition (Not including listed companies qualified in the "no announcement of the results" clause from 1 January 2022 to 31 October 2023) is publicized.

¹OISHI was voluntarily delisted from the Stock Exchange of Thailand, effectively on September 6, 2023

²SFP was voluntarily delisted from the Stock Exchange of Thailand, effectively on July 19, 2023

³TCCC was voluntarily delisted from the Stock Exchange of Thailand effectively on August 25, 2023
