2Q24: Beats estimates on better margin

2Q24 core profit was Bt636mn, turning around from year-long core losses, 9-20% above estimates on a wider gross margin than expected. We expect further growth in 3Q24F core earnings, up seasonally QoQ and YoY from a wider margin off a one-year high for local livestock prices amid low actual blended feed costs in 3Q24TD. We maintain Outperform with a mid-2025 TP of Bt28, based on 2x PBV (LT ROE at 15%, cost of equity of 8.7% and LT growth of 2.5%).

2Q24 net profit was Bt628mn, turning around from net loss of Bt351mn in 2Q23 and Bt124mn in 1Q24, 9% above INNVX estimates and 20% above market estimates on a wider gross margin than anticipated. Excluding Bt8mn extra loss gives a core profit of Bt636mn, up from core losses of Bt168mn in 2Q23 and Bt126mn in 1Q24. Backing the rise was better sales and margin from higher livestock prices amid low feed costs.

2Q24 highlights. Sales grew 3% YoY, with higher sales volume from capacity expansion (+6% YoY) outpacing lower product prices (-3% YoY). By segment, sales grew in the food & protein unit (64% to sales; +4% YoY) from higher sales volume and broiler prices, in the agro unit (29% to sales; +1% YoY) from better sales volume and in the international unit (6% to sales; +1% YoY) from higher livestock prices in Cambodia and Laos, but fell in the pet unit (2% to sales; -5% YoY) on lower prices as more competition offset higher sales volume. Gross margin widened 360bps YoY to 14.1%, supported by all units from better livestock product prices amid low feed costs and more high-margin sales.

Outlook. 2024F targets. BTG keeps its 2024F targets for sales growth at 5-10% (vs flat YoY in 1H24), gross margin at 13-15% (vs 12.5% in 1H24) and SG&A/sales at 10-11% (vs 10.5% in 1H24), expecting 2H24F to be better than 1H24. Livestock prices. In 3Q24TD, local swine price has risen to Bt70-72/kg (+4% YoY, +2% QoQ, vs breakeven at the gross profit level for big players at Bt60-64/kg) and local broiler price is Bt44/kg (+9% YoY, flat QoQ, vs breakeven at Bt37-40/kg). The Pig Board of Thailand asked local pig players to control swine supply via cutting piglet production (which started in March); it is now asking producers to also curtail production of breeding sows. With this, and with better management of smuggled swine meat, BTG expects local swine price to improve gradually in 2H24 and into 2025. Meanwhile, strong export demand from Japan, Europe and Asia will support local broiler price in 2H24. Feed costs. In 3Q24TD, local corn spot price has risen to Bt12.6/kg, +8% YoY and +15% QoQ, on lower supply after the end of the corn harvest and the ban on importing corn because of field burning in neighboring countries. With the local harvest starting in Sep, BTG expects corn prices to edge down. Spot imported soybean meal price has fallen to Bt21/kg, -2% YoY and QoQ, and price is set to stay low. BTG's normal inventory level is 3-4 months, and it expects actual 3Q24 blended feed costs to drop QoQ and YoY.

Key risks are lower demand and prices from fragile economies and more supply, and higher feed costs. Key ESG risks are energy, waste & water management, sustainable products (E), health & safety policies on customers/laborers (S).

Our view on ESG

We view that BTG had positive developments on key environmental issues in 2022, showing its long-term commitment to energy, waste & water management and sustainable products. However, it still lags peers on key social issues, does not provide concrete long-term targets and actual performance on product quality management, health & safety policies for customers and laborers. On the governance issue, we view that BTG is in an above-average position compared to peers on board diversity and independence. Key ESG risks are energy, waste & water management, sustainable products with quality management, health & safety policies for customers and laborers.

ESG Disclosure Score

Bloomberg ESG Score	n.a.
Rank in Sector	n.a.

CG Rating	DJSI	SETESG	SET ESG Ratings
BTG	4	No	No

Source: Thai Institute of Directors (IOD), SET

Environmental Issue (E)

- BTG targets to reduce greenhouse gas emissions (scope 1&2) from 2022 at least 20% by 2030 and reach net zero by 2050.
- In 2026, BTG aims to drive towards energy reduction per production unit by 5% compared with 2022 and it is in the process of increasing the use of renewable energy such as converting fossil fuels to biomass and increasing the efficiency of biogas systems. In 2022, it could reduce the use of electricity and heat by over 30mn megajoules.
- In 2025, BTG targets to reduce the occurrence of waste per product weight by 5% compared with 2022 and increase the portion of waste utilization to more than 96%.
- BTG targets 100% Eco-Friendly Packaging (Reusable, Recyclable and Compostable) by 2030.
- BTG plans to reduce water use per product unit by 20% by 2030 compared with 2020 and increase water reuse and recycle by 10% of the total water withdrawal within 2025.
- We view that BTG had positive development on providing more comprehensive targets on energy, waste & water management, sustainable products in 2022.

Social Issue (S)

- BTG ensures the quality and safety of products by using quality control process throughout the food production chain in line with international food safety standards. S-Pure is the world’s first brand to receive a Raised Without Antibiotics certification from NSF International.
- It has established labor standards in accordance with Thailand’s labor laws and international human rights.
- It supports activities to promote social equality and reduce inequality as well as uplift the quality of life and sustainable cohabitation such as community reforestation project, conservation and development of Khung Bang Kachao area project, Saitarn Foundation, and Its Holistic Area Based Community Development (HAB) covering 10,000 households in 33 provinces in Thailand.
- We view that BTG is in lagging peers on social issue, without providing concrete long-term targets and progress on product quality management, health & safety policies on customers and laborers.

Governance Issue (G)

- BTG is committed to conducting its business in accordance with good corporate governance principles, management excellence, moral, transparency and accountability without corruption.
- In 2022, BTG had audit committee, risk management committee, nomination and remuneration committee, and corporate governance and sustainable development committee.
- BTG participated in Thailand's Private Sector Collective Action Coalition Against Corruption program (Thai CAC), with Thai CAC declaration in 2023.
- In 2022, BTG’s board of directors consists of 11 directors. Of this, 8 are non-executive directors (73% of the entire board), 5 are independent directors (45% of the entire board) and 5 are female (45% of the entire board).
- We view that BTG is in the above average position compared to peers on board diversity and independence.
